PROFESSIONAL SUMMARY

Computer Science and Engineering student with a strong foundation in Java, Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), and Web Development. Hands-on experience developing Java desktop applications, CRUD systems, and responsive web applications. Recognized with a Global Rank of 16854 in TCS CodeVita Season 13, demonstrating strong coding and problem-solving skills. Proficient in Git, GitHub, Eclipse IDE, and VS Code. Seeking opportunities to apply technical skills, contribute to real-world software development projects, and continuously grow as a Software Engineer.

EDUCATION

B.Tech. in Computer Science & Engineering — Sagar Group of Institutions (Sistec), Bhopal

2024 – 2028 | CGPA: 6.8

12th Grade (CBSE) — D.A.V Public School, Bihar | 2024

10th Grade (CBSE) — DK Res Public School | 2022

Relevant Coursework: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management System (DBMS), Operating Systems (OS), Computer Networks (CN)

EXPERIENCE

Web Development Intern — Corizo

October 10, 2025 – November 11, 2025

- Contributed to web development projects while applying software development and problem-solving skills.
- Developed Java-based applications using Eclipse IDE while implementing Object-Oriented Programming (OOP) concepts.
- Successfully completed the internship and received a completion certificate.

PROJECTS

Guest Log — Visitor Management System (Java, Java Swing)

- Developed a Java Swing desktop application for visitor registration and management.
- Implemented visitor entry/exit logging and efficient record retrieval.

CRUD Application (Java, Database Integration)

- Developed a Java-based CRUD application supporting Create, Read, Update, and Delete operations.
- Integrated database connectivity to maintain accurate and persistent records.

E-Commerce Website (HTML, CSS, JavaScript)

- Designed and developed a responsive e-commerce website with an intuitive user interface.
- Improved navigation and user experience through responsive web design principles.

SKILLS

Programming Languages: Java, C++, C, JavaScript

Web Technologies: HTML, CSS

Tools: Git, GitHub, Eclipse IDE, VS Code

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), CRUD Operations, Web Development

CERTIFICATIONS & ACHIEVEMENTS

- TCS CodeVita Season 13 — Achieved Global Rank 16854, demonstrating strong coding and problem-solving skills.
- Web Development Internship — Corizo.
- IoT Workshop — "From Sensors to Intelligence: IoT Meets GenAI on Cloud," SISTec Bhopal, organized by TinkerStream Innovations (May 2026).
- Super 50 — Qualified based on academic performance and competitive selection.
